

**Heartland
Association of
Gynecologic
Oncology**

Meeting Agenda

Time	Presentations	Speaker
Friday, September 30, 2022		
7:00-7:30 am EST	Registration and Continental Breakfast	
7:30-7:40 am EST	Welcome to HAGO	Dr. Shitanshu Uppal, MD, MBBS- University of Michigan
	Abstract Session 1	Shitanshu Uppal, MD, MBBS- University of Michigan
7:40-7:50 AM EST	Abstract #1: Calculating surgical readmission rates in Gynecologic Oncology: The impact of patient and provider factors	Alexandra Morell, MD- University of Rochester Medical Center
7:50-8:00 AM EST	Abstract #2: Targeting AKT to overcome antiestrogen resistance in ovarian cancer	Katelyn Tondo-Steele, DO - University of Michigan
8:00-8:10 AM EST	Abstract #3: Analysis of the initial years of GYN Oncology Standardized Letters of Evaluation (SLOE) for fellowship applications	Saule Tamkus, MD - University of Wisconsin- Madison
8:10-8:25 AM EST	Distillate/Question & Answer	Haider Mahdi, MD- University of Pittsburgh
	Abstract Session 2	Stephen Rose, MD- University of Wisconsin - Madison
8:25-8:35 AM EST	Abstract #4: Derivation of a novel health utility value to objectively describe quality-of-life in women with advanced or recurrent endometrial cancer	Sarah Ackroyd, MD- University of Chicago
8:35-8:45 AM EST	Abstract #5: Optimizing Virtual Care in Oncology	Bryan Aaron, MD/MSCR Candidate- University of Michigan
8:45-8:55 AM EST	Abstract #6: Tumor-Stroma Proportion is a Predictive Biomarker of Chemoresistance, Overall Survival and Progression Free Survival in a Large Cohort of Ovarian Cancer	Valentino Clemente, MD- University of Minnesota

8:55-9:05 AM EST	Abstract #7: A prospective study of a novel test to quantify tactile sensation and chemotherapy-induced peripheral neuropathy in patients with gynecologic malignancies	Alexandra Schefter, MD – University of Minnesota
9:05-9:20 AM EST	Distillate/Question & Answer	Aimee Rolston, MD, MS- University of Michigan
9:20-10:00 AM EST	Break	
10:00-11:00 AM EST	Advanced Science Feature: The Past, Present, and Future of GYO Clinical Trials in the US: Why and how should I participate?	Peter Rose, MD-Cleveland Clinic
	Abstract Session 3	Denise Uyar, MD - Medical College of Wisconsin
11:00-11:10 AM EST	Abstract #8: Assessing sleep quality in postoperative gynecologic oncology patients	Allison Grubs, MD- Northwestern Medicine
11:10-11:20 AM EST	Abstract #9: Prediction of high-grade serous ovarian cancer (HGSC) using DNA methylation patterns with deep machine learning (ML)	Sofia Gabrilovich, MD- University of Iowa
11:20-11:30 AM EST	Abstract #10: Loss of Connective Tissue Growth Factor Expression Promotes Remodeling of the Extracellular Matrix and Epithelial-to-Mesenchymal Transition in Ovarian Cancer	Colton Morris- Kenyon University
11:30-11:45 PM EST	Distillate/Question & Answer	Andrea O’Shea, MD- University of Minnesota
11:45-1:00 PM EST	Networking Lunch	
	Abstract Session 4	Ryan Spencer, MD, MS, FACOG- University of Wisconsin- Madison
1:00-1:10 PM EST	Abstract #11: Exosomal FXR1 as a translational mediator in the ovarian cancer microenvironment	Lindsey A. McAlarnen MD, M.Sc - Medical College of Wisconsin
1:10-1:20 PM EST	Abstract #12: Clinical trial recruitment by a clinical research coordinator: Exploration of reasons patients declined to participate	Andrea Johnson, MD- University of Minnesota
1:20-1:30 PM EST	Abstract #13: The cellular landscape of ovarian cancer	Timothy K Starr PhD- University of Minnesota
1:30-1:45 PM EST	Distillate/Question & Answer	Jesus Gonzalez Bosquet, MD- University of Iowa
1:45-2:00 PM EST	Break	
2:00-3:15 PM EST	Tumor Board	Dr. Danielle Chau, MD- Cleveland Clinic and Dr. Laura Huffman, MD- University of Wisconsin- Madison
6:00-8:00 PM EST	HAGO Social Event	University of Michigan Stadium and Golf Course

Time	Presentations	Speaker
Saturday, October 1, 2022		
7:30-8:00am EST	Registration and Continental Breakfast	
	Abstract Session 5	Peter Argenta, MD University of Minnesota
8:00-8:10 AM EST	Abstract #14: Incisional hernias in gynecologic oncology patients: small fascial bites versus large fascial bites.	Alli Straubhar, MD- University of Michigan
8:10-8:20 AM EST	Abstract #15: The genomic profile of high-grade serous ovarian cancer and its association with platinum resistance	Lauren Montemorano, MD- University of Wisconsin- Madison
8:20-8:30 AM EST	Abstract #16: Pathology Findings and Prognostic Outcomes with Endometrial Cancer Diagnosis via Myosure	Diana Fan, MS4-St. Louis University
8:30-8:45 AM EST	Distillate/Question & Answer	Amina Ahmed, MD- RUSH Health
8:45-9:45 AM EST	<i>HAGO Presidential Talk – Health, Service and Research in Gynecology Oncology</i>	Dr. Shitanshu Uppal, MD, MBBS- University of Michigan
9:45 – 10:15 AM EST	HAGO Awards	Dr. Stephen Rose, MD- University of Wisconsin- Madison
10:15 -10:30 AM EST	Break	
10:30 – 11:00 AM EST	HAGO FUTURE Introduction of Dr. Peter Argenta (incoming president) and HAGO 2023 Preview	Ryan Spencer, MD, MS, FACOG- University of Wisconsin- Madison
11:00-12:00 PM EST	Keynote Talk: “The Art of Medicine: Providing Care to Increasingly Frail Patients. “	Dr. Lisa Landrum, MD University of Indiana
12:00 PM EST	HAGO close MOQC lunch/Continues	
6:00-8:00 PM EST	HAGO Board Meeting/Dinner	HAGO Committee Members
